Additional License Authorizations

For HPE CMS OSS vTeMIP Community Edition

Definitions

Capitalized terms not otherwise defined in this ALA document are defined in the governing agreement.

TERM	DEFINITION
Core	means the sub-component of the CPU that actually performs the reading and execution of the instruction. Single-core processors can only process one instruction at a time. Multiple-core processors (CPUs) imply a processing system composed of two or more independent cores. Processing cores can be physical or virtual depending on whether the processor holding the cores is embedded in a physical machine or a virtual machine.
E-LTU and E-Media	means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on your purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
E-RTU and E-Media	means products which are electronically delivered only and as such any references to FOB Destination or delivery method that are stated in Licensee's purchase order other than electronic shall be null and void with respect to these E-RTU or E-Media products.
Non-Production environment	means a System or a set of systems which have a HPE product installed and is running some or all of the product processes to be used for collecting data, executing product logic, or sending/receiving messages in a testing or development (non-commercial use) environment .
Production environment	means a System or a set of systems which have a HPE product installed and is running some or all of the product processes to be used for collecting data, executing product logic, or sending/receiving messages in a production (commercial use) environment .
RTU	means Right To Use. Right to Use is used when there is no license key required to enable product use.
Server	means any Physical or Virtual Machine on which one or more Instances of the Software is installed.

Additional license terms

TERM

-
- A. Software contains software and associated specifications licensed from third parties that are confidential to, and trade secrets of, such parties. You will not take any action other than to Use it as authorized under the agreement as part of the software products and will not disclose it to third parties.
-
- B. You shall install and use the software as authorized in the applicable agreement only as a complete product and may not use portions of such software on a standalone basis separate from the complete software unless expressly authorized in the Supporting Material, specifications or an applicable agreement.
-
- C. Unless stated otherwise, you are authorized to Use one Device at a time for your Internal Use.
-
- D. Licensee must reproduce all copyright notices that appear in or on the Software (including documentation) on all permitted copies or adaptations. Copies of documentation are limited to Internal Use.
-
- E. Licensee may not Use or allow any other person or entity to Use Software or Support for the provision of commercial timesharing, service bureau, managed, outsourcing, ASP, subscription or other services to any person or entity without written authorization from HP, pursuant to additional terms and conditions or a separate written agreement for such Use and where applicable license and fees.
-
- F. Licensee agrees that HPE may audit relevant books and records (including electronic), devices computers and systems of licensee and its service providers, consultants and contractors (collectively, "Contractors") relating to the Software in order to verify Use of the Software in compliance with the Software license terms ("license Terms") . HPE may make copies of any such books and records. HPE may conduct the audit itself, or at its option may use an independent third party. Audits may be conducted at any sites of Licensee, and its Contractors where copies of the Software are installed, Used or accessed, including remotely. HPE will bear its own costs in connection with an audit. HPE shall provide at least twenty one (21) calendar days prior notice of any audit, except when it has reasonable cause to suspect that there is an infringement of its intellectual property rights, in which case only two (2) working days' notice is required. Any audit would be performed during Licensee's normal business hours in a manner that minimizes disruption to Licensee's business. Licensee and its Contractors shall provide HPE and its auditor with all assistance reasonably required in order to carry out the audit. If an audit reveals underpayments, then Licensee will pay HPE such amounts invoiced by HPE based on the prices for the Software license and Support fees specified in the local published HPE price list in effect on the date of completion of the audit. If the underpayment exceeds by 5% the prices payable by Licensee for the Software and Support during the period covered by the audit, then Licensee will also pay the costs reasonably incurred by HPE in connection with the audit and seeking compliance with this sub-section . HP's rights and remedies in this section shall be without prejudice to any additional rights or remedies it may have at law or in equity for Licensee's non-compliance with these license Terms. Licensee shall cause its Contractors to agree to, and comply with, the provisions of this section and shall be responsible for their non-compliance.
-
- G. HPE OSS Assurance Software products are Operating Systems independent. Note that all products may not be available on all platforms (please refer to the HPE OSS Assurance Support Matrix available from the HPE Support Web site).
