

Additional License Authorizations

For HPE SimpliVity OmniStack (“OmniStack”)

Definitions

Capitalized terms not otherwise defined in this ALA document are defined in the governing agreement.

TERM	DEFINITION
OmniStack	means the SimpliVity OmniStack Accelerator, OmniStack Software and documentation.
Software	means any software (including OmniStack Software), library, utility, tool, or other computer or program code, in object (binary) or source-code form, as well as related documentation, provided by HPE, through any medium, to Customers, for use with qualified hardware and a validated OmniStack configuration.

Software specific license terms

Software specific license terms for OmniStack appears below.

OmniStack

Customer agrees that it will not disassemble the Software or any part thereof, remove the OmniStack Accelerator or use the OmniStack Accelerator or any software contained in OmniStack with hardware other than that in which was originally delivered. Customer agrees not to disclose to any third party any test results, benchmarks, or other performance or evaluation information relating to OmniStack. The suppliers of any third party components of OmniStack have a proprietary interest therein and shall be beneficiaries under this ALA.

Security Bulletin and Alert Policy for Non-HPE Owned Software Components

HPE addresses security bulletins for the software components listed in this ALA with the same level of support afforded HPE products. HPE is committed to reducing security defects and helping you mitigate the risks associated with security defects when they do occur.

HPE has a well-defined process when a security defect is found that culminates with the publication of a security bulletin. The security bulletin provides you with a high level description of the problem and explains how to mitigate the security defect.

Procedure for Subscribing to Security Bulletins:

1. Open a browser to the Hewlett Packard Enterprise Support Center:
<http://h20566.www2.hpe.com/portal/site/hpsc?ac.admitted=1470685148743.125225703.1938120508>
2. Where prompted to enter a product name or a number, type: CloudSystem
3. Click Go
4. Click HPE CloudSystem Enterprise, or HPE CloudSystem Foundation

5. For HPE CloudSystem Enterprise, click [Sign up now](#) for customized driver, security, patch and support email alerts.
6. For HPE CloudSystem Foundation, click [Sign up now](#) for customized driver, security, patch and support email alerts.
