PRODUCT SELECTION GUIDE

ARUBA OFFICECONNECT SWITCH SELECTOR

Whether just getting started or expanding your business, the HPE OfficeConnect switching portfolio delivers a range of solutions. From unmanaged plug-and-play simplicity to advanced smart-managed solutions that offer enhanced security and performance, HPE Off

Unmanaged Gigabit Switches

Aruba OfficeConnect 1405 Switch Series

- Designed for affordability, reliability, and low power consumption, these entry-level unmanaged Gigabit Ethernet switches are ideal for home or small offices.

Key features

- Entry-level switching for small offices
- Plug and play; no configuration required
- Energy efficient, with EEE and idle-port power down
- Quality of Service (IEEE 802.1p and DSCP)
- 3-year warranty

Aruba OfficeConnect 1420 Switch Series

- These reliable, low-cost plug and play Gigabit Ethernet (GbE) switches offer small business deployment flexibility with a choice of Power-over-Ethernet (PoE+) and 10GbE uplink models.

Key features

- Choice Power-over-Ethernet (PoE+) and 10GbE uplink models
- Green features for low power consumption
- Fanless design for silent operation
- Quality of Service for improved network efficiency
- HPE Limited Lifetime Warranty

Smart Web-Managed Gigabit Switches

Aruba OfficeConnect 1620 Switch Series

- Ideal for small businesses looking for an entry-level Web-managed Gigabit Ethernet switch with basic features to enhance network performance and security without the added cost or complexity of more advanced switches.

Key features

- Entry-level, smart managed Layer 2 switches, choice of fanless models
- 8-, 24-, and 48-port gigabit models are rack mountable
- Intuitive Web interface to fine tune switch operation
- VLANs, QoS and IGMP snooping for better network performance
- HPE Limited Lifetime Warranty

Aruba OfficeConnect 1820 Switch Series

- For small businesses looking for better network performance, reliability and security and deployment flexibility these smart-managed Gigabit Ethernet Layer 2 switches offer the latest energy-saving capabilities with simple administration.

Key features

- Smart managed Layer 2 switches, 24- and 48 port include SFP ports
- Flexible deployment including wall, under table, and desktop mounting
- Non-PoE+ models are fanless for quiet operation
- VLANs, Spanning Tree, link aggregation, IGMP snooping
- HPE Limited Lifetime Warranty

Smart Web-Managed Gigabit Switches (continued)

Aruba OfficeConnect 1920S Switch Series

- Optimized for small business efficiency and value these advanced Gigabit Ethernet smart managed switches offer a feature-rich, easy to manage network with Layer 3 static routing and enhanced Access Control List security.

Key features

- Customized operation using intuitive Web interface
- Layer 3 static routing for network segmentation and expansion
- Access control lists for granular security control
- Spanning Tree Protocol: STP, RSTP, and MSTP
- HPE Limited Lifetime Warranty

Smart Web-Managed 10 Gigabit Switches

Aruba OfficeConnect 1850 Switch Series

- For small business environments that require increased speed and capacity these Gigabit and 10-Gigabit Ethernet basic smart managed switches offer an affordable 10-Gigabit network connectivity in an easy to manage solution.

Key features

- 10-Gigabit 10GBASE-T on all models for high-speed interconnect
- Non-PoE and PoE+ 24- and 48-port Gigabit models
- 8-port 10GBASE-T switch with 2 SFP+ dual-personality ports
- Intuitive web management interface for easy switch configuration
- HPE Limited Lifetime Warranty

Aruba OfficeConnect 1950 Switch Series

- These stackable Gigabit and 10-Gigibit Ethernet (GbE) smart managed switches deliver an advanced 10-Gigbit network solution for demanding small business environments looking for performance, security, and network redundancy with Layer 3 static routing.

Key features

- 10-GbE Connectivity for fast network to servers and storage
- Combination of SFP+ fiber and 10GBASE-T copper ports
- True stacking allows for redundancy while simplifying administration
- Customized operation using intuitive Web interface
- HPE Limited Lifetime Warranty
