## Solution brief

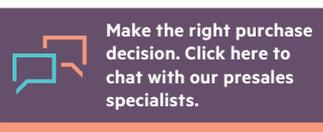

Figure 1. At-a-glance: Services from HPE Pointnext

Above are some of the recommended services from HPE Pointnext for HPE ProLiant series servers for each stage of the solution lifecycle. Choose the offerings and support duration that addresses your company's unique requirements. Support durations of four and five years offer:

- Lower costs
- Device support even after the device goes out of warranty—with a single budget and purchasing motion

- Protection against future support price increase
- All components in the solution to the same level of support and duration
