## Software specific license terms

Software products with software specific license terms are described below.

### HPE Device Entitlement Gateway (HPE DEG)

- The MPC DEG Software provides service configuration and subscriber entitlements for SIM, eSIM and non-SIM Unique Devices.
- The MPC DEG Software is licensed based on:
  - Number of Use Cases enabled and
  - Total number of Unique Devices connecting to the software. Total number of devices is determined based on a three month audit period
- The supported Operating Systems and related Use Cases are separate functions. Each is licensed separately.
- The MPC DEG Software requires a separate license to a third party database and a separate license to an in memory database to operate. These licenses are available through HPE.

## Additional license terms

TERM	DEFINITION
